Light Company Refuses to Make Billboards Out of Ornamental Light Posts on Central Avenue.

After doing its best to save expense for the owners of the Albuquerque street-corner billboard franchise, by seeking permission to hang the billboards on the lighting company's ornamental lamp posts on Central avenue, the city council last night instructed the city engineer to designate points on the avenue where new iron posts shall be set up for carrying the combined street directory and advertising signs. W. B. Southard, manager of the light company, declined to permit the use of the ornamental light poles for hanging signs. He said the company had almost daily requests for such use of the poles, and hinted to the council that if he let down the bars for the city's project he would present have the ornamental poles covered with advertising matter from base to peak. Mr. Southard not only declined the request for permission to dislodge the ornamental light poles, but told the council that he had refused an offer from the sign man of the revenue from a number of the street corner posts, in exchange for the permission. The light company manager said the company would prefer to put up street corner sign posts at its own expense rather than permit the use proposed of the ornamental light poles. As a result a few additional iron posts will be set up in Central avenue from First to Sixth street, bearing the names of streets, incidental to a considerable volume of mixed advertising matter.

The council disposed of a number of ordinances which have been pending since last June.

The franchise for a central steam heating plant was tabled.

The following were passed:

Ordinance No. 555, changing the number of library board members from eight to four, one to be appointed from each ward, by the mayor. According to this the mayor is ex-officio president. The board is to elect a vice president and treasurer. The librarian will be secretary.

Ordinance No. 556, forbidding second hand dealers, junk dealers and pawn brokers from making any purchases from children under 16 years old, without written consent from parents or guardians. The penalty for infraction is from \$5 to \$50 fine.

At the last previous meeting the council discussed the matter of laying sidewalk in front of property on North Walter street at the cost of the city and charging it against the property. City Clerk Hughes said last night that he could not find any ordinance requiring the property owners to lay the walk, a step necessary before the city could act. An ordinance was passed directing the property owners to pay in the walk.

Owing to the fact that City Attorney T. S. Wilkerson is at Gallup on court business, the proposed anti-speed ordinance was not presented last night.

MOTHER! DON'T TAKE CHANCES IF CHILD'S TONGUE IS COATED

If cross, feverish, sick, bilious, clean little liver and bowels.

A laxative today gives a sick child tomorrow. Children simply will not take the time from play to eat their bowls, which become cleaned up with waste liver gets sluggish stomach wear.

Look at the tongue. Mother! If coated, or your child is instead cross, feverish, has breathlessness, doesn't eat heartily, full of cold or has sore throat or any other symptom of ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this intoxicating poison, sour bills and tormenting waste will gently move out of the bowels, and you will have a well-pleased child again. A thorough "double cleansing" is getting all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeiting syrup! Ask your druggist for a sufficient bottle of "California Syrup of Figs," which has full directions for babies, hundreds of oil sizes and for growing-ups, plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."

**LIBRARY BOARD IS
REDUCED TO FOUR
BY ORDINANCE**

Mayor Becomes Ex-Officio
Chairman of Reduced Com-
mission With Librarian as
Secretary

Under the terms of an ordinance passed last night by the city council, the membership of the city library commission is reduced from eight members to four, one from each ward, with the mayor as ex-officio chairman and the librarian as secretary. The commission will elect a vice president and treasurer. The new ordinance becomes effective five days after its passage and publication, when it is assumed the eight members of the present commission will pass out of office and the mayor will name four new members, one from each ward. Four members of the old board, it was indicated this morning, probably would be retained as the membership of the new commission.

The change in form of the library commission was proposed to the council by members of the present commission, as tending to concentrate the work and simplify the transaction of business. The new ordinance makes the mayor the active executive head of the library board.

**OBSERVE TOMORROW
AS PRE-ADVENT QUIET
DAY AT ST. JOHN'S**

Tomorrow is to be observed at St. John's Episcopal church as Pre-Advent Quiet day. The rector, Rev. E. N. Bullock, has announced the following services for the day:

7 a. m.—Holy Communion and address intention. "The Holy Spirit in the Work."

9:30 a. m.—Morning prayer with meditation on the subject. "The Holy Spirit in Personal Work, Art Inspiration, the Preparation."

11:15 a. m.—Twelve-minute service for business people.

3 p. m.—Devotions and addresses. "The Holy Spirit in the Organized Work;" (a) Aspiration, (b) Cooperation.

8 p. m.—Choral evening. Sermon, "Conservation."

The objects of Quiet day are set forth in a bulletin issued by the rector and are as follows:

The Pre-Advent Quiet day is a day of devotion and meditation preparatory to the Advent season and the church work of the winter.

The intention of the day is "The Holy Spirit in the Work." To learn to look at the various forms of church work from the spiritual point of view ought to result in enriching our devotion, deepening our rest and making St. John's church a more effective agent in the kingdom.

Betterment begins to be held at 8 o'clock in the Commercial club. All who have contributed a dollar or more to the leagues are members and are invited to attend the meeting. The meeting tonight will hear the reports for the past year's work, the results of the Chorister day campaign and other important details of the mission of the league and a new board of directors will be elected during the coming year.

The state fair commission today also sent word of director cost against Leo Zanoni and company and Leo Zanoni and A. Dommerholt members of the firm to enforce payment of a subscription of \$100 to the fund for the 1915 fair. The subscription is to be used to help build in the form of a prominent site, and it has become necessary to meet the demands of the commissioners through their attorney, George F. Lee, who is to be paid interest at 6 per cent from September 1. Zanoni is understood to be prepared to reduce the amount to forty and will have his defense in the fact that the campaign was held in Old Albuquerque.

Until recently it has been a generally accepted theory that venereal disease is due to a disorder of the blood. Scientific investigations have taught us that venereal disease is positively a skin disease and spreads through the skin alone. See Dr. Eugene Kennedy is invited directly to the diseased skin. Do not delay trying Meritor Venereal Remedy. Price 25¢ \$1.00. Other sizes—local agents.
